2 Basis of preparation

The Corporation prepares its condensed interim consolidated financial statements in accordance with generally accepted accounting principles in Canada (“GAAP”) as set out in the CPA Canada Handbook – Accounting under Part I, which incorporates International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”).

These unaudited condensed interim consolidated financial statements have been prepared in accordance with IFRS applicable to the preparation of interim financial statements, including IAS 34, “Interim Financial Reporting”. In accordance with GAAP, these financial statements do not include all of the financial statement disclosures required for annual financial statements and should be read in conjunction with the Corporation’s audited annual consolidated financial statements for the year ended January 29, 2023 (“Fiscal 2023”), which have been prepared in accordance with IFRS as issued by the IASB. In management’s opinion, the unaudited condensed interim consolidated financial statements reflect all the adjustments that are necessary for a fair presentation of the results for the interim period presented.

During Fiscal 2023, in order to continue providing relevant and reliable information to the users of these financial statements, the Corporation modified its policy in relation to the classification of financing costs within the consolidated statements of cash flow, in line with other Canadian issuers. Interest paid has been reclassified from operating activities to financing activities. Consequently, some reclassifications in the presentation of the comparative information have been performed to ensure consistency with current period presentation. For the 13-week and 26-week periods ended on July 31, 2022, the cash inflow from operating activities increased respectively by \$34,774 and \$50,599 while the cash outflows from financing activities increased by the same amount.

These unaudited condensed interim consolidated financial statements were approved by the board of directors of the Corporation (the “Board of Directors”) for issue on September 13, 2023.

Seasonality of operations

The Corporation’s sales generally increase ahead of major holidays, with December representing the highest proportion of sales, but otherwise experience limited seasonal fluctuations. However, the occurrence of certain events that are beyond the Corporation’s control, such as unusually adverse weather or an epidemic or pandemic outbreak, and that cause disruption in its operations could materially adversely affect the business and financial results of the Corporation. Consequently, results for the 13-week and 26-week periods ended July 30, 2023 may not be representative of results for subsequent quarters or for the full fiscal year.

3 Summary of significant accounting policies

These unaudited condensed interim consolidated financial statements have been prepared using the accounting policies as outlined in Note 3 to the Fiscal 2023 audited consolidated financial statements.

4 Critical accounting estimates and judgments

The preparation of financial statements requires management to make estimates and assumptions using judgment that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses during the reporting period. Estimates and other judgments are continually evaluated and are based on management's experience and other factors, including expectations about future events that are believed to be reasonable under the circumstances. Actual results may differ from those estimates.

These unaudited condensed interim consolidated financial statements have been prepared using the critical accounting estimates and judgments as outlined in Note 5 to the Fiscal 2023 audited consolidated financial statements.

6 Debt (cont'd)

Credit Agreement

On July 5, 2023, the Corporation and the lenders entered into a sixth amending agreement to the Third Amended and Restated Credit Agreement (the "TARCA") in order to, among other things, extend the terms of its revolving credit facilities (collectively, the "Credit Facility"). Specifically, (i) the term of Facility A, in the amount of \$250,000, was extended from July 5, 2027 to July 5, 2028, (ii) the term of Facility B, in the amount of \$450,000, was extended from July 5, 2025 to July 6, 2026, (iii) the term of Facility C, in the amount of \$50,000, was extended from July 5, 2025 to July 6, 2026, and (iv) the term of Facility D, in the amount of \$300,000, was extended from July 5, 2023 to July 3, 2024.

Under the TARCA, the Corporation may, under certain circumstances and subject to receipt of additional commitments from existing lenders or other eligible institutions, request increases to committed facilities up to an aggregate amount, together with all then-existing commitments, of \$1,500,000.

The TARCA requires the Corporation to respect a minimum interest coverage ratio and a maximum leverage ratio, each tested quarterly on a consolidated basis. The Corporation has the option to borrow in Canadian or U.S. dollars.

The Credit Facility is guaranteed by Dollarama L.P. and Dollarama GP Inc. (collectively, with the Corporation, the "Credit Parties"). The TARCA contains restrictive covenants that, subject to certain exceptions, limit the ability of the Credit Parties to, among other things, incur, assume, or permit to exist senior ranking indebtedness or liens, engage in mergers, acquisitions, asset sales or sale leaseback transactions, alter the nature of the business and engage in certain transactions with affiliates. The TARCA also limits the ability of the Corporation, in certain circumstances, to make loans, declare dividends and make payments on, or redeem or repurchase equity interests if there exists a default or an event of default thereunder.

As at July 30, 2023 and January 29, 2023, no amount was outstanding under the TARCA. As at July 30, 2023, \$1,048,838 was available under its Credit Facility (January 29, 2023 – \$1,048,623) and there were letters of credit issued for the purchase of inventories which amounted to \$1,162 (January 29, 2023 – \$1,377). As at July 30, 2023, the Corporation was in compliance with all of its financial covenants.
